Full Text (Title, Abstract, Claims, Descriptions)

In this last version for the year 2019, the full text stock has been extended by numerous countries. In addition to countries such as Hungary or Ireland, which are available for all versions, about 10 countries including machine translations have been added to the extended full text stock (the Lighthouse data service is required for this). The following countries were added, among others:

- Singapur,
- Taiwan,
- Hongkong,
- Israel,
- Eurasien Patent Organisation

and other patent offices. A complete list of the patent database including the new countries can be found at
